

Foil Exclusive Series

Glossy, plastic and deep color stocks especially suited for foil stamping. With fewer than 10% of all business cards produced using foil stamping, this exclusive process is an attention getting alternative to the traditional card.

Business Cards

1 & 2 Foil Colors

Embossing

Companies work hard defining their image only to drop the ball when it comes to their business cards. Embossing is at the top of the printing ladder when it comes to the sophistication of the image it conveys. Add an embossed border, logo, or company name to send a message about the high standards your company keeps at every level.

Embossed Business Cards

Embossing is available as a Value-Added Service on 3.5" x 2" Ink & Ink + Foil business cards found in the Business, Professional, Unique, Trends, and Executive Series.

Blind Embossing

A raised image on paper created by pressing the paper between two dies. Called "blind" because no ink or foil is used and the image is the color of the paper.

BLIND EMBOSsing
ADD **\$134.00**
per unit

to the base cost of the card you have selected for the Embossing service.

Ink Embossing

An embossed image that exactly matches an image printed in ink. Sometimes referred to as registered emboss.

INK EMBOSsing
ADD **\$193.00**
per unit

to the base cost of the card you have selected for the Embossing and Ink-to-Embossing Close Registration services.

Foil Embossing

A two step process where an image is stamped in foil and then the foiled area is embossed creating a raised foil image.

FOIL EMBOSsing
ADD **\$209.00**
per unit

to the base cost of the card you have selected for the Embossing and Foil-to-Embossing Close Registration services.

Value Added Services

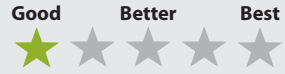

For details about these add-ons and services, turn to the Support tab to see your Value-Added Service Guide.

Embossing (per unit)	\$134.00
Bleed • Embossing (per unit, per vertical and/or horizontal bleed)	\$42.00
